

Aloha!

Thank you for your recent inquiry regarding activities on our beautiful islands! There are innumerable experiences to be enjoyed here on Oahu and on the Neighbor Islands. Right here at the JW Marriott Ihilani KoOlina Resort are a number of exciting activities that provide shuttle service within the resort, and a few that provide transportation from the resort. I've also listed those that are within close proximity to the resort, just 15-20 minutes driving time from the resort. The many other activities ranging from helicopter and seaplane and light plane circle island tours, or glider rides, horse-back riding, and ATV and movie / Lost site tours, submarine rides and dinner cruises, parasail and jet ski, interactive swimming with dolphins and shark cage tours, fabulous dinner shows and Hawaii food tours, to one-day tours and package tours to the neighbor islands and everything in between, will require that you have a rental car, and will involve from 45 minutes to up to 2 hours driving time. Please let me know what you find of interest, and I will be happy to provide further details.

Activities within KoOlina Resort:
